

WHAT IS A LANDFILL LEVY?

It is a fee paid by landfill users, based on each tonne of waste thrown away.

IMPROVES WASTE SERVICES

The money collected pays for more recycling, resource recovery, and re-use services

More free or discounted services are in more places across Tasmania

IMPROVES WASTE BEHAVIOURS

The cost is another reason to avoid throwing recyclable, reusable or recoverable waste in landfill

Businesses and individuals change what they buy, they choose to re-use, and sort for recycling, repair, or composting.

Which results in
less waste in landfill!

Supported by Tasmania's Regional Waste Management Groups in partnership with the Tasmanian Government.
