

WASTE SERVICES FOR BULKY ITEMS IN THE CRADLE COAST

TYRES

Tyres can be dropped off at most tip/waste management centre for recycling. A fee applies depending on the size of the tyre (e.g. \$8 for passenger vehicle, \$20 for heavy vehicle).

Many car service centres offer a tyre disposal service when they fit new tyres. This fee is often cheaper and more convenient than taking the tyres to the tip yourself.

CARS

Car bodies can be sold for scrap metal recycling and can be collected for free. Contact a car wrecker or 'cash for car' service for a quote and to arrange drop off or collection.

GENERAL RUBBISH

Disposal of general rubbish at any of the Cradle Coast tips can cost from approximately \$10. Some councils provide tip tickets to residents in their rates notices. Contact your local Council to enquire about disposal fees at your local waste transfer station.

Excess household recyclables such as cans, bottles and cardboard can be dropped off for free at most transfer stations.

Any reusable items can be dropped off at a tip shop including Burnie, Central Coast and Spreyton, for resale or reuse.

GREEN WASTE

Green waste can be disposed of at your local waste transfer station.

It is fairly simple to home compost some garden waste such as lawn clippings, leaf litter and small prunings. There's a Rethink Waste Tasmania fact sheet on Home Composting that you can use as a guide, available from the rethinkwaste.com.au

FURNITURE

Furniture in usable condition can be sold or donated. Popular online classifieds for the sale of 2nd hand goods include Gumtree and Facebook Marketplace.

Many charity stores accept furniture and some such as the Salvation Army and St Vincent de Paul offer a free collection service.

Tip shops also accept reusable furniture.

You can give away unwanted items through online networks such as freecycle.org, [gumtree](http://gumtree.com) or Buy, Sell, Swap pages on Facebook. Often people take these items to repair or repurpose.

E-WASTE

The largest Waste Transfer Stations in Circular Head, Waratah-Wynyard, Burnie, Central Coast, Devonport, Kentish and Latrobe municipal areas all accept electronic waste (e.g. televisions, computers, monitors, printers and accessories) for free recycling drop-off.
